SANITARY CIRCUMSTANCES OF THE AREA

1. (1) WATER

Number of samples taken:-

(a) from wells	Nil
(b) from pipe supply	4

2 samples for bacteriological examination and 2 samples for
chemical analysis were all satisfactory.

The reports obtained by the Water Engineer show that the water
supply was satisfactory as regards quality, but some supplies
had to be restricted in the latter part of the year.

Efforts are being made to obtain an additional supply and
negotiations are being made for a supply from Leicester City.
Practically all houses are supplied with water from the works
directly to the houses.

In one case a piped supply was substituted for well water.

(ii) DRAINAGE AND SEWERAGE

Number of cesspools in the District at the end
of 1944 8

No new cesspools were constructed during the year and none
were abolished.

2. (i) CLOSET ACCOMMODATION.

(a) Privies	1
(b) Pail Closets	9
(c) Water Closets	3,360

House refuse is collected fortnightly by direct labour for disposal at the Destructor Works.

Practically all houses are provided with moveable dustbins.

Salvage

House-to-house collections are made during alternate weeks. Larger accumulations are collected as requested.

Good progress was made in the salvaging of all classes of materials, the value of the salvage dealt with during the year being £1,477.

- (i) by owners 3
- (ii) by Local Authority in default of owners 1

4. HOUSING ACT, 1936 - PART IV - OVERCROWDING

Complete details of all overcrowding in the District cannot be given, but, from the information supplied by the 385 applicants for Council Houses, there are many cases of overcrowding, and the position is becoming more difficult as demobilisation from the forces increases.

The only satisfactory solution to this problem is the speeding up of the housing programme for the provision of new houses.

Requisitioning of Unoccupied Houses. (Circular 138/45)

8 houses were requisitioned. One notice was withdrawn as the owner wished to occupy the house, and in 2 cases the tenants suggested by the owners occupied the houses.

IMMUNISATION AGAINST DIPHTHERIA

Good progress continues with the scheme for immunisation of children against Diphtheria.

A special Birthday Card together with a card of Consent for immunisation is sent when each child is one year of age. Arrangements are made for free treatment by private Doctors if desired and sessions are held at Egerton Lodge every four weeks. Much valuable propaganda work and advice to parents on immunisation has been given by the local Health Visitor.

During the year 224 children completed the full course of immunisation.
